ORDER:-

In the letters read above, the Managing Director, Hyderabad Metropolitan Water Supply and Sewerage Board, Hyderabad has stated that several representations were received in Hyderabad Metropolitan Water Supply and Sewerage Board, Hyderabad for taking up certain sewer works in about 45 localities / colonies of Karwan, Nampally and Goshamahal areas under Zone-III sewerage system. As such the Managing Director, Hyderabad Metropolitan Water Supply and Sewerage Board, Hyderabad has inspected the said colonies and observed that the said areas are with thick population, vertical expansions, unserved areas such as extension of business developments resulted in exponential growth and development and corresponding additional huge sewerage generation. To tackle the same, certain lateral sewers are to be laid for smooth conveyance of flows into the trunk sewers.

2. The Managing Director, Hyderabad Metropolitan Water Supply and Sewerage Board, Hyderabad has further stated that as per the preliminary inspection and line estimate about 32.50 Km of sewer network of sizes ranging from 200mm to 450mm dia are required and estimated to cost tentatively for Rs.63.50 Crores based on CSSR 2024-25 with relevant provisions.

3. The Managing Director, Hyderabad Metropolitan Water Supply and Sewerage Board, Hyderabad has further informed that, the network sewers proposal is an extended project in Karwan, Nampally and Goshamahal under Zone-III to align with Sewerage Master plan due to the dense population, vertical expansions, un-served areas such as the extension of business developments resulting into the exponential growth in the development and thus the corresponding additional huge sewerage generation.At present, the existing network is partially in working condition. Therefore, sewer of 200 to 450 mm size are the need based sewer in the areas of the proposal for the safe sewerage disposal to connect and align with the working condition of the existing network.

4. The Managing Director, Hyderabad Metropolitan Water Supply and Sewerage Board, Hyderabad has further informed that, against the Budget allocated for Rs.2450.00 Crores, the total commitment is Rs.2534.73 Crores. Keeping in view the time required for executing the sanctioned works and spread over of the expenditure, works can be sanctioned 3 times more than the Budget allocated for a particular year (1:3 ratio). Further informed that the commitment for the FY 2025-26 is not even in the ratio of 1:2 and also as the complete expenditure will not be incurred in this financial year 2025-2026.

5. The Managing Director, Hyderabad Metropolitan Water Supply and Sewerage Board, Hyderabad has therefore requested the Government to accord administrative sanction for an amount of Rs.63.50Crores (Rupees Sixty Three crores and Fifty lakhs Only) for the work of "Laying of RCC and SWG pipelines at various colonies of Karwan, Nampally and Goshamahal areas" duly charging the expenditure to the Government Budgetary Head of Account "Loans to HMWSSB for Developmental works (6215-01-190-00-08-001-000)".

P.T.O

6.
